Page Overview

Comments

gives user good overview of
good explanation of what they do , good idea to have li
they could detail more of their meny instead of constantly suggesting people call in
good idea , gives customer refrence for what the bakers can do
they have no answers to the question they pose
I think that this could have been deleted , all info copied over in the contact us page
provides a lot of contact info , including online form
good page , need to change page url
